1   Notice & Declaration

This document and the information in it are provided in confidence as a guide only for Prelim Round – Bosch Future Mobility Challenge 2025, is not professional advice, including legal advice and may not be disclosed to any third party or used for any other purpose without the express written permission of Bosch Global Software Technologies Vietnam. It should not be assumed that the guidance is comprehensive or that it provides a definitive answer in every case.

2   Prelim Round Instruction

The instructions for Prelim Round – Bosch Future Mobility Challenge 2025 are provided below. Please read the requirements carefully for better assessment.

2.1   Codility Usage Guidelines

▶ The time displayed on the Codility page represents the total time allotted for all tasks in the assessment, not for individual tasks.

▶ Codility automatically saves your data, answers, and solutions approximately every 2-3 seconds. However, it is highly recommended to submit each task once you are confident in your solution.

▶ You can freely navigate between different tasks at any point during the assessment.

▶ Once a task is submitted, you will not be able to modify its solution. You will only be able to view or read the submitted content.

▶ Before starting, please clear your browser's cache and log out of any Codility trial accounts you may have open.

▶ If your browser closes unexpectedly, you can reopen the same assessment link to resume your session.

▶ If the IDE closes due to time limits, the content you have written in Codility will be automatically updated.

▶ Ensure all necessary equipment (e.g., power adapter, network cable, mouse) is in good working order before the assessment begins.

▶ For additional information, please refer to the Codility Candidate FAQ: https://app.codility.com/candidate-faq/

2.2   Do's and Don'ts on the testing date

▶ The test link will be sent to you 1 hour before the scheduled assessment time (noted on the announcement email).

▶ The test officially begins the moment you log in using the provided link.

▶ Please remember that this is a **group test**. Only **one representative email per team** should be used to log in on a single device. Each team must use the exact email address registered for BFMC.

▶ You are required to enable your webcam and record your screen for the entire duration of the testing period. You are responsible for setting up and managing this recording.

▶ If your team cannot meet in person, you may take the test via an online meeting. In that case, each member must record both their screen and camera throughout the session.

▶ If required, specific editors or IDEs will be shared with contestants based on the technology selected for the assessment.

▶ Kindly ensure you are logged out of any Codility trial accounts before attempting to access the assessment.

▶ You are allowed to use Dictionary while testing.

▶ Social media and Mobile should not be used. Only editors (provided/suggested by codility team) and Browser (Codility page) should be opened.

▶ Do not take screenshots of questions and answers.

▶ Do not share or discuss the assessment content with anyone outside of your team.

▶ The use of social media and mobile phones is strictly prohibited. Only authorized editors (provided/suggested by the Codility team) and your web browser (specifically for the Codility assessment page) should be open.

▶ Any observation by judges of attempts to open Google, copy content, discuss solutions outside team, or access any other unauthorized websites will result in immediate disqualification, and your solution will not be considered.

2.3　Submission

▶ Once you submit the test, your answer is automatically recorded in the system.

▶ After completing the assessment, you must send back the drive link to your recorded screen and webcam footage.

2.4　Evaluation Criteria

▶ 15 teams will be selected for the next interview round based on a combination of submission speed and the correctness of their answers, ranked from top to bottom.
